August 25th, 2023

R.J. Burnside & Associates Limited

Highway 10 Connecting Link Look Ahead for Week of August 28th to September 1st, 2023

Next week Walker Construction Grey-Bruce plans to complete the following outlined tasks below on this project:

Monday:

Digging two test holes at stations 0+220 and 0+240, The flow of traffic will be reduced to one lane, Traffic controllers will be present to regulate the flow of traffic. No parking is permitted within the construction limits for this duration.

Receiving delivery of structures to Aptico (lay down area) on Main Street (Hwy10) within construction limits. Delivery is expected to be before noon and should have a short impact, if any, on traffic flow.

Tuesday and Wednesday

Margaret Street will close to the public on Tuesday and Wednesday to install OGS1, CB9 and CB10 and road crossings. The flow of traffic will be reduced to one lane, Traffic controllers will be present to regulate the flow of traffic. No parking is permitted within the construction limits for this duration.

Thursday and Friday

Proceed with 375mm storm sewer in the northbound lane heading south on Hwy 10 from Margaret Street. The flow of traffic will be reduced to one lane north of County Road 4 on Hwy 10, Traffic controllers will be present to regulate the flow of traffic. No parking is permitted within the construction limits for this duration.

The aforementioned tasks are subject to change in the event of inclement weather and/or unforeseen circumstances encountered.
