

The Water and Wastewater Master Servicing Plan (MSP) was undertaken by the Municipality of Grey Highlands under the Municipal Class Environmental Assessment (Class EA) Study process. The study area includes the communities of Markdale, Flesherton, Kimberley, Amik, Talisman, Eugenia, Eugenia Lake, and Beaver Valley. The communities of Markdale, Flesherton, Kimberley, Amik and Talisman are serviced with either municipal drinking water, wastewater or both. The remainder of the Municipality is on private services and not included in this study.

The analysis was to update the 2017 MSP and document the current situation with regards to the infrastructure and serviced communities and to update the future planning needs based on growth and development.

The Process: The Master Plan is being completed in accordance with Phase 1 and Phase 2 of the Municipal Class Environmental Assessment (EA) and is intended to follow Approach #1 of the Master Planning process, which involves the completion of a Master Servicing Plan that should continue to be reviewed and updated every 5 years.

STUDY AREA MAP

Master Servicing Plan Report:

A Master Servicing Plan (Version 2-Draft) report has been prepared to document the planning and decision-making process undertaken, to date, for this MSP. It identifies alternative solutions to the identified problem/opportunities for servicing the communities. Recommended alternatives involving further studies require that those studies carry out the final phases of the Municipal Class EA process for the appropriate schedule.

This Notice initiates the 30 calendar day review period. Interested persons should provide written comment within 30 days from the date of this Notice to the Municipality of Grey Highlands and/or GEI Consultants Canada Ltd.

Comments: Public Involvement is a key component for long term planning. The Notice of Study Commencement was published and distributed on February 14th, 2024, with a joint Notice of Public Information Centre No.1 (PIC No.1) that was held on February 27, 2024. An update to Council on June 26, 2024 was to present the information received from the public from the first Public Information Centre and survey. The second of two public information centers (PIC No.2) was held Tuesday September 24th, 2024. A project update was posted on the Engage Grey Highlands website in January 2025, as well as emailed to all individuals who had asked to be kept up to date on the project. The agencies were also circulated. The draft report was presented to Council on August 6th, 2025.

This *Notice of Master Plan* is advertised in The Advance and posted on the Municipality's website (<https://connectgreyhighlands.ca/>), where additional information is provided.

This Notice first issued on August 7, 2025.

All personal information included in a comment or request (i.e., name, address, phone and property location) is collected, under the authority of Section 30 of the Environmental Assessment Act and is maintained for the purpose of creating a record that is available to the general public. As this information is collected for the purpose of a public record, the protection of personal information provided in the Freedom of Information and Protection of Privacy Act (FIPPA) does not apply (s.37). Personal information submitted may become part of a public record that is available to the general public unless it is requested that personal information remain confidential.
